The best thermoplastic solutions for infrastructure networks

Politejo Group was founded in 1978, as an industry specialized in the manufacture of thermoplastic solutions and its main activity is the production of pipes and plastic accessories for the water supply, waste water, irrigation, electricity and telecommunications.

Our strategy is based on the constant innovation of products and services, with a skilled team, able to understand the needs associated with the various sectors and present highly reliable solutions, longevity that allow the conservation of water resources and the environment.

The success of Politejo Group is based on the profile of its employees, with a family-oriented management, due to the strategic location of its manufacturing units and their complete solutions.

This profile enabled a notable growth throughout the last 40 years, and currently Politejo Group is present in Angola, Brazil, Spain, Mozambique and Portugal, with a view to expanding to new locations.

LUSOAQUA LABELS AND DISTRIBUTORS

Lusogreen Pickups and Dispensers are designed for quick and easy installation while having the best performance and durability for use in both outdoor planting and in hydroponics.

These characteristics are due to the use of the best materials and designs, made in collaboration with the farmers who are most experienced in using these products.

Distributors

We have 2 and 4-outlet dispensers available, with herringbone outlet, perfect for use with microtube.
